**January 8, 2007**

There were many arrows flying down the range last Sunday at Saugeen Shafts with an excellent turnout for their first tournament of 2007. Archers travelled from Toronto, Picton, Gananaque and Brampton to compete against our best shooters.

There was some excellent shooting in the Cub divisions and in the case of the Cubs Compound Limited class it was decided with a tie breaker. Teegan Milne edged out Liam Thompson for the bronze medal and third place, while team mates John Myall finished in first and Zah Whatman in second.

The action was close in the Junior Olympic class with Dan Collet posting a five point lead for the gold medal over Kelly Milne from Warsaw.

The most competitive class of the day was the Men Freestyle Unlimited class and saw a very close finish. Dietmar Trillus posted a 599/600 for first place followed by Andrew Fagan with a 598/600 for second and Troy Adams finish the medals with a 595/600 for the bronze.

On January 13<sup>th</sup> and 14<sup>th</sup> Saugeen Shafts will be the host for the trials for the Canada Winter Games to pick the best eight archers in Ontario to represent the province in Whitehorse, Yukon in March. There will be over forty-five of the best Junior archer from across the province at this event. Saugeen Shafts is hosting its next event, an indoor IFAA tournament, on Sunday, January 21<sup>st</sup> with the action for Juniors and Adults begins at 11:00 a.m.
